About Young Jean Lee's *Straight White Men*

"Center Theatre Group presents Young Jean Lee's gripping play *Straight White Men*. When Ed and his three adult sons come together to celebrate Christmas, they enjoy cheerful trash-talking, pranks, and takeout Chinese. Then they confront a problem that even being a happy family can't solve: when identity matters, and privilege is problematic, what is the value of being a straight white man?"

Writer, director, and filmmaker Young Jean Lee has been called 'the most adventurous downtown playwright of her generation' by the *New York Times* and 'one of the best experimental playwrights in America' by *Time Out New York*." - [Visions & Voices Event Description](#)
